<ul style="list-style-type: none"><li>• Gained a better understanding of web development and had the chance to learn and work with technologies such as HTML, CSS, Flask, and Web scraping.</li><li>• Applies the knowledge and skills to real-world problem-solving.</li><li>• Developed key professional skills such as communication, teamwork, and time management by collaborating with other members.</li><li>• Successfully completed an internship, gaining valuable skills and knowledge in Web Development</li></ul>		

## LANGUAGES AND TECHNOLOGIES

- Java, C++, Python, HTML, CSS
- JavaScript, MySQL, Flutter

## TECHNICAL EXPERIENCE

### Projects

- **Portfolio:**  
Design and developed a personal portfolio website using HTML, CSS, and JavaScript showcasing my skills and experience. Utilized CSS grid and Flexbox for layout and responsive design.  
(<https://github.com/pratibha54/Portfolio>)
- **Payment Form:**  
Design and build a payment form using HTML, CSS, and JavaScript. To enhance the user experience, I added animations to the form using CSS. I also made sure that the website was responsive so that it can be used on different screen sizes and devices.  
(<https://github.com/pratibha54/Payment-web>)
- **Customer Churn Prediction Model:**  
Worked on a project focused on customer churn prediction using machine learning techniques in the team. We used 6 ML models and 3 Hybrid ML models in this project. This project allowed me to gain hands-on experience in implementing ML models and working with data sets.  
(<https://github.com/pratibha54/Customer-Churn-Prediction>)
- **UShort (URL just shorten it):**  
Created a URL shortener in a team using Python and MySQL. we implemented the back-end logic using Python and used the Flask framework. This project allowed me to gain experience in building a web application using Python and MySQL.  
(<https://github.com/pratibha54/UShort-url-just-shorten-it-main>)

## ADDITIONAL EXPERIENCE AND AWARDS

- **Cloud -IBM Skills Academy**  
Verified achievement from IBM in Building cloud-based mobile solution for the enterprise
